The Evolution of Vehicles: Electric Vehicles and Houston

Houston is a leader in the development and deployment of electric vehicles (EV) with big successes: first Nissan roll-out in Texas, GM Volt launch, **EV Readiness city**, state and Federal funding support. The City's existing fleet of hybrids demonstrates its early leadership with clean and efficient vehicle technologies. CEN invites you to join as we showcase EV solutions, hear from leading experts, and explore Houston's expanding role in the next evolution in energy!
